PRICE: TWO CENTS

Debaters Engage In Two Intercollegiate Encounters Tuesday

Contest Against Dalhousie University First Of Series

WILL BE BROADCAST

Queens' University To Send Representatives To Mock Parliament

Two intercollegiate debating encounters, one in the form of a Mock Parliament with Queens' University and the other a radio debate with Dalhousie University next Tuesday evening will open the McGill Debating Union's list of activities for the year. The contest with Dalhousie, sponsored by the Canadian Radio Broadcasting Commission, is the first of a series of intercollegiate debates over the air to determine a champion for Canada.

On the following day, Wednesday, January 24th, Arthur J. Marshall, Vice President of the Debating Union, and Melbourne Doherty journey to Toronto to participate in a mock parliament there. Doherty, along with Edmund Collier, a former President of the Debating Union last month on the occasion of the first Harvard encounter against McGill.

Radio Debate

In the radio debate, McGill will be represented by John A. MacLellan and Eli Kelloway, both of Arts '33 who will uphold the affirmative of the motion, "Resolved that Capital Punishment be Abolished." The debate will be held from 7:30 to 8 o'clock. The Dalhousie representatives will speak from Halifax and the C.R.B.C. will broadcast it over their net-work. Dr. H. F. Munro, Superintendent of Education for Nova Scotia will be the sole judge.

The Mock Parliament with Queens' University on the same night, Tuesday, will start at 8:30. The House will consider the motion, "That Present day Germany constitutes a menace to world peace." William Hasler, who spent the past summer in Germany will act as Prime Minister introducing the motion. Also speaking for McGill will be John Winston Kerr.

Queens' Representatives

The representatives from Queens' University will be Robert Young, acting as Leader of the Opposition and Eric Morse. Wilson Beckett, President of the Debating Union, will act as Speaker. Aside from the vote of the audience on the subject, there will be a decision rendered by judges who have

(continued on page two)

Club Will Discuss March Production

Players' Club Activities To Be Resumed Next Week

The McGill Players' Club will recommence its activities for this term on Thursday when a general meeting of all the members is to be held. Plans for the next production will be announced and a report on "Rope" will be given. The performances of this play, both in Montreal and Ottawa were successful, it is said, and bode well for future productions and, especially, for the forthcoming production "Rope" indicates that there is a surplus which will aid in the building up of the show which is scheduled for March.

One of the items on the agenda for Tuesday's meeting will be the election of a new Honorary President to succeed Professor MacDermot who is now National Secretary of the League of Nations Society in Canada. Other important details are to be discussed and the executive ask that every member of the Club turn out if at all possible. The regular groups and lectures will all start next week and at the same time the Workshop Department is to resume its rehearsals as plans proceed for the third production which will take place on February 6th. Matter relating to this production will be taken up at the meeting Thursday.

Club Will Discuss Financial Problems

Public Finance problems, budgetary matters and the plight of the much discussed tax-payer will occupy the attention of the Political Economy Club at its next meeting on Thursday, January 25th. On this occasion, Herbert K. Crabtree, Law '36 and David Lusher, Graduate Student will speak.

Their subject will be, "Public Finance In Canada; its position and outlook for the future." William Hasler will be in the chair. All interested students are invited to be present.

Annual Med Ball Takes Place At Mt. Royal Tonight

With dissecting instruments and stethoscopes carefully tucked away in temporary retirement, the Med students are all set for their Annual Medical Ball which will be held tonight at the Mount Royal Hotel. The entire ninth floor of the hotel has been obtained for this affair. Charlie Dornberger and his orchestra will supply the music in the Main Ballroom, which will be specially decorated for the occasion, while a midnight supper will be served in the Plaza. High grade entertainment will be supplied by well-known cabaret performers.

A limited amount of tickets may still be obtained from the Dance Committee. These tickets are selling for \$5.00 a couple.

The following is the list of patrons and patronesses: Dr. and Mrs. E. M. Eberts, Dr. and Mrs. J. R. Fraser, Dr. and Mrs. C. P. Howard, Dean and Mrs. C. F. Martin, Dr. and Mrs. J. C. Meakins, Professor and Mrs. J. C. Simpson, Dr. and Mrs. D. W. MacKenzie.

Student Conference Held At Hamilton

McGill Sends Fifteen Representatives, Two Of Whom Are Leaders

THREE COMMISSIONS

Dr. T. Z. Koo Of China Present As Featured Lecturer

From Dec. 29, 1933, to Jan. 1, 1934, a Canadian-American Student Conference met at McMaster University, Hamilton, Ont., under the auspices of the Council of North American Student Movements. Its purpose was to develop acquaintance and understanding among Canadian and American students, and to discuss sympathetically common and world problems and their relation to Christianity.

Universities from the eastern part of Canada and the U. S. were represented at the Conference. In all there were 115 delegates in attendance, 57 being Americans and 57 Canadians, with Dr. T. Z. Koo of China as a leader and advisor. Of these again 57 were women and 57 men, exclusive of Dr. Koo, McGill, representing China, sent in all 15 representatives, two of whom, Prof. King Gordon and Lloyd Reynolds, were leaders in the Unemployment Commission. The others were Gertrude Cooke, Ida Curtis, Jean Hunter, Betty Marshall, Freda Padon, Eleanor Reid, Peter Anderson, Harold Gibbard, Van Harris, George Haythorne, Jules Lapointe, David Lim Yuen, and Edward Vivian.

Bodies Represented

Canadian representatives were sent by the Student Christian Movement, while American delegates belonged to either the Student Y.M.C.A., Y.W.C.A., or the Student Volunteer Movement of North America. Miss Gertrude Rutherford, of the S.C.M., and Mr. David Porter, president of the Council of N. A. Student Movements, presided at most of the mass gatherings. The daily schedule included Morning Prayers, conference addresses by notables like Dr. Koo, commission meetings on Christianity and Race, Christianity and Unemployment, and informal meetings. At discussions, every one was free to air his views on a particular subject.

Newman Club Meets

Reverend Mr. Whelan Speaks And Alfred O'Shea Sings

The second regular monthly meeting of the McGill Newman Club will be held next Sunday, January 21st, in Congress Hall at the corner of St. Alexander and Dorchester Streets. The meeting will follow the celebration of Mass in the Lady's Chapel of St. Patrick's Church. Mass will commence at 9:45 a.m.

The Rev. Lawrence P. Whelan, vice-chancellor of the Arch-diocese, will address the meeting. He will speak on "The Student's Place in Catholic Action." He will also convey to the club the New Year's greetings and blessings of the Archbishop.

Alfred O'Shea, noted Australian tenor, will sing at Mass and at the meeting which follows. Mr. O'Shea studied and sang on the Continent in such places as Paris, Berlin, Milan, London and later in New York. During his stay in Montreal he has filled many important engagements. Amongst others, being soloist for the Montreal Orchestra.

All Catholic Students attending McGill are cordially invited.

Board Of Governors Names Committee To Seek New Principal

Appointments And Resignations Confirmed At January Meeting

DONATIONS LISTED

Revision Of Statutes To Be Undertaken In Near Future

Definite action was taken by the Board of Governors of McGill University last Monday towards the appointment of a principal to succeed the late Sir Arthur Currie. A committee, composed of a number of the governors, was entrusted with the responsibility of recommending a successor to the principalship of the University. Upon receipt of such a recommendation, the Board of Governors will officially appoint the new principal and vice-chancellor. It was indicated that a decision is not likely to be arrived at in the immediate future.

A movement to revise the statutes in order to bring them up to date was also undertaken in the formation of another committee. Such a revision, which has been contemplated for some time past, will be submitted, when complete, to the Board of Governors for ratification. The committee is made up of Dean C. F. Martin, chairman; Dean P. E. Corbett; Dean Ernest Brown; Dr. Horst Oertel; Prof. Fred Clarke; Prof. Stephen Leacock; with Col. Wilfrid Bovey to act as secretary.

Gifts and Bequests

Gifts and bequests totalling more than \$80,000 have been given to McGill University since last July, it was reported at the meeting. Practically all the gifts are for special purposes, including \$25,000 for research in the department of neurology, and thus do not increase the general funds of the university.

The list of gifts and bequests follows:

To the university: From Walter M. Stewart, \$1,000 to the general funds; Lady Roddick, \$168 to cover repairs to the Roddick Memorial Gates.

To the faculty of medicine: \$25,000 to the department of neurology, anonymous; \$1,000 to the department of biochemistry.

Mrs. W. Grant Stewart, \$1,100 as an endowment for the "Alexander D.

(Continued on page 2)

Hugo Wolf Subject Of Fuller Address

Harvard Graduate Speaks To Germanic Club Tuesday Evening

On Tuesday evening, January 23rd, the "Germania" will hold its first meeting of the new term in Strathcona Hall at 8:30 p.m. The speaker of the evening will be Mr. Frederick Fuller, M.A., who has chosen as the subject of his illustrated address, "Hugo Wolf."

Hugo Wolf was the greatest lyric interpreter of Goethe's poems, as well as of many other great German poets. It is however particularly in regard to his Goethe works that Mr. Fuller intends to deal with him. Not only was Wolf the greatest interpreter of Goethe, but it may truly be said that he is the outstanding composer of ballads and "Lieder" of the modern musical period.

In Mr. Fuller the club finds a speaker truly worthy of his subject. A graduate of Liverpool, the Sorbonne, Munich and Harvard Universities, he combines an extensive knowledge of the letters of three languages with a genuine sense of musical appreciation. The lecture will be illustrated by a series of privately and specially recorded gramophone records, of Wolf songs, sung by the most outstanding exponents of Hugo Wolf, and published in a limited number by the Hugo Wolf Society in London.

All students who are studying German are cordially invited to attend. Any others either faculty or students who may be interested in the subject and are sufficiently familiar with the language to understand, are likewise invited. A small fee will be charged to defray the cost of refreshments.

FIRE IN MOYSE HALL

Early Tuesday morning, a small fire was discovered in Moyse Hall. It was put out by Bill Gentleman before any great damage was done, but some of the marble slabs and the left hand side of the stage needed repairs. The origin of the fire has not yet been determined. It commenced shortly after the close of the presentation of "Lilies Of The Field" by the Montreal Repertory Theatre, the previous evening.

Today Deadline For Permission To Write Supps.

All those who intend to write special supplemental examinations early in February, must apply today at the Dean's office, as this is the last day that any notification will be received. These special examinations will be held on Thursday, February 22nd, 1934, for students in Arts and Science.

Conditioned students of the second, third and fourth years who wish to avail themselves of this opportunity to remove their conditions, have their last chance to notify the Dean's office of their intention of writing such examinations, today. The supplemental fee of \$10.00 for each examination, must be sent with the application.

McGill Professor Arrested In China On Rebel Charge

Dr. Kiang Reported In Custody Of Nationalist Police

CHARGED with aiding the rebel cause against the Nationalist government in China, Professor Kiang Kang-Hu, Chairman of the Department of Chinese Studies at McGill, has been arrested by the Nationalist government, according to dispatches received locally. Dr. Kiang is at present on a year's leave of absence from the University, undertaken to study existing conditions in the Orient.

According to the reports received, Dr. Kiang was invited by the Nationalist Government to be the guest of honour at a special banquet in Nanking, following which he was arrested on the sus-

(continued on page three)

Montreal Orchestra Concert On Sunday

Arrangements Now Being Made For Benefit Performance

At its concert this coming Sunday afternoon at His Majesty's Theatre, the Montreal Orchestra will present a varied symphonic program that will be started off by Tchaikowski's well known Symphony No. 5 in E minor. A first performance for the orchestra will be the second number, Respighi's "The Birds," a suite for orchestra in six movements.

At the request of some of its listeners, the orchestra will offer Vaughan Williams' "Fantasia on a Theme by Tallis" scored for double string orchestra. The program will be completed by the Sir Henry Wood arrangement of Bach's Suite No. 6. The concert starts at three o'clock.

A special benefit entertainment for the orchestra will be given on the night of February 11th at His Majesty's Theatre. Tickets for this affair are now being sold at the orchestra offices in the Mount Royal Hotel (Room 2001), at Lindsay's, Willis', Hyman Tobacco Shops, and the United Cigar Stores. As inducement to its audience for this occasion, a \$500 Dominion of Canada Government bond will be given away.

Famous Scientists To Deliver Lectures

Well-known to Montreal audiences, Abbe Georges Lemaitre, famous Belgian scientist, will lecture before the McGill Physical Society at 5 p.m. Monday, January 22nd. His address will inaugurate a series which will bring world-renowned scientists to the University. Under the auspices of the Royal Astronomical Society, Dr. Julian C. Smith will discourse upon the Mount Wilson Observatory in the Macdonald Physics Laboratory on Thursday, January 25, at 8:30 p.m. Members of the society have also been invited to hear a lecture by Dr. R. K. Young, professor of astronomy at the University of Toronto, who will speak at 9:30 a.m., February 9, in the Windsor Hotel.

Graduate Smoker

The fifth annual smoker of the Graduates' Society will be held in the McGill Union on Thursday, February 1st, 1934 at 8:15 p.m. The tickets are nominally priced at twenty-five cents for undergraduates and a few are available at the Tuck Shop.

Many Scholarships Offered For Post Graduate Research

Applications Wanted For Twenty-Seven Different Awards

SOME AT MCGILL

Announce Also Essay Contest Held By Robert Owen Foundation

The Dean of the Faculty of Graduate Studies and Research announces various scholarships awarded by the Royal Society and other individual interests, these awards being tenable during 1934-1935 for Graduate studies. A considerable number of the scholarships are held at McGill, and should be of particular attraction to students residing here in the city.

The Royal Society Fellowships are an endowment of the Carnegie Corporation. There are ten of them, and each are worth \$1,500. They are grouped under five headings, the first four scholarships being awarded to students of Literature, History, Anthropology, Sociology, Political Economy and allied subjects. Two of these four Fellowships are awarded to French students, while the other two go to English students. The remaining six Fellowships are awarded in pairs to two students of (a) Mathematical, Chemical and Physical sciences; (b) Geological sciences; and (c) Biological sciences. Further details regarding these scholarships upon application at the Registrar's Office.

Cambridge Scholarships

Two scholarships for women only, the Alfred Yarwood Scientific Fellowship, value \$300, and the Pfeiffer Research Fellowship in Arts, value \$250, are offered for research in different sciences at Girton College, Cambridge. Applications should be sent to the secretary of this college before February 1st. Women who are graduates of any University are eligible. The Fellow is elected for three years in the first instance, but may be reappointed annually for not more than three years. Furthermore, a Travelling Scholarship is offered by the Federation of University Women. It is of the value of \$1,250, and is open to any woman holding a degree from a Canadian University.

Owen Foundation

Plans For Newman Club At Home Made

Representatives From Toronto And Queen's Will Attend

Plans are now practically complete for the annual Newman Club "At Home" which takes place on Friday evening, February 2nd, in the ballroom of the Mount Royal Hotel. Tickets for the dance are now on sale in all faculties of the University and are selling at five dollars per couple.

This year as has been the custom in the past representatives will attend from the Newman Clubs of Toronto and Queen's. The dance is under the joint chairmanship of Kenneth McNamee, Brendan O'Connor and Charles Wayland. The remainder of the committee is composed of Elizabeth Power, Patricia Conroy, Louis Quinn and John Nolan.

The committee promises that the dance this year will be at least on a par with that of other years and is on the lookout for the best available orchestra. Patrons and patronesses for the occasion will be the following: Lt.-Col. and Mrs. Wilfrid J. Bovey, Hon. Marguerite Shaughnessy, Dean and Mrs. Charles F. Martin, Hon. Justice E. Fabre and Mrs. Survever, Mr. R. M. and Hon. Mrs. Redmond, Lt.-Col. and Mrs. W. P. O'Brien, Dr. and Mrs. F. E. McKenly, Mrs. A. B. Colville, Mr. Lionel O. P. Walsh, Mr. and Mrs. John T. Hackett.

Tickets may be obtained from the following faculty representatives: Medicine, James O'Neill; Arts, Arthur Styles; Engineering, Thomas Mullins; Law, George Broderick; Commerce, Ward O'Connor; Dentistry, Ivan Gullboard.

People's Forum Lecture

This Sunday afternoon at 3 o'clock the People's Forum will resume its current series of Lectures. The speaker in the opening address of this particular series will be the Honourable Oliver E. Simmonds, an English Conservative M.P. During the last two winters Mr. Simmonds has far exceeded all previous records in lecture engagements in England which would seem to justify the claim that he is "England's Most Popular Lecturer."

Famous Scientist Speaks Tonight At Chemical Society

The Chemical Society will have Dr. O. L. Enez as guest speaker for the opening meeting of the 1934 session which is to be held in the Chemistry Building this afternoon at 5:00 p.m. Dr. Enez is Direktorsvenska Elektrokemiska Aktiebolaget, and a well-known authority on explosions. He has chosen this as the subject of his lecture which will be well illustrated. Developments in this field of chemistry in late years has given rise to much intensive research work which Dr. Enez will discuss.

In view of the fact that Dr. Enez is so well-known a special invitation is extended to anyone else who might be interested in such a volatile subject. Dr. Phillips, the president of the society, is particularly anxious for as many members of other Departments as possible to attend.

Revue Committees And Heads Named

Casting And Scenery Construction Commence In Near Future

CHORUS REHEARSES

Eliminations For Dancers Scheduled For Today And Tomorrow

With the chorus eliminations scheduled for today and tomorrow, this year's work on the Red and White Revue is getting under way. The heads of the various production and business committees have already been appointed, the script is being put together, and work in all departments has already commenced.

The Executive of the 1934 Revue is composed of Jack Waud, Producer; Walter Markham, Business Manager; and Leeds Nelson, Production Manager.

Heads of Committees

The heads of the various committees are as follows:

Costumes Doris Gales
Makeup Janet Dobson
Music William Gordon
Programme John Kennedy
Properties Edward Grant
Publicity Mark Goldenberg
Scenery Max Roth
Stage John Argue
Tickets William Burrill
Secretary Wylie Thom
Assistant Business Manager Charles Turner

Chorus Eliminations

The Chorus has been rehearsing for some time, and eliminations will take place at the rehearsals this afternoon and tomorrow. After the eliminations, work will begin on the costumes. Casting and the construction of the scenery will also begin very shortly. All those interested in taking parts, are advised to watch the Revue notes on the back page of the Daily, as the dates for casting will probably be announced within a week.

Musical Association Recital Next Month

Several Groups Will Contribute To Extensive Program

McGill's annual Musical Association concert will be held this year on Tuesday, February 13. This marks some departure from the procedure of former years when the concert was held somewhere in the middle of December, but according to the statement of L. C. Theobald, president of the Association, the present arrangement will allow of a more carefully prepared program, and of more assiduous rehearsals.

A list of attractions already arranged for includes the Band, the Glee Club, and the Conservatorium Orchestra under the direction of Mr. Tupper, secretary of the Faculty of Music. Two soloists have already signified intention of performing, and these are Jack Waud, producer of this year's Red and White Revue, who will present some piano solos, and a guest artist who will perform on the harp. Further details of this concert, and of the individual items comprising it are promised in succeeding issues.

It is of interest to note that the first campus appearance of the Glee Club this year will be at the Graduate Smoker that will be held within the next two weeks. This club has been making steady progress, and has a very busy year of engagements ahead of it.

The University of Illinois lays claim to having the best collegiate field band in the United States.

Discussion On Poet Laureate Given By Professor George

Characteristics Of John Masfield Related At Mechanics Institute

READINGS FEATURED

Expression Of Understanding Of Human Character Appeals To All

The Rev. A. Robert George gave a lecture last night at the Mechanics Institute on "John Masfield, Poet Laureate." The Rev. Mr. George, who is lecturer in Public Speaking at McGill, gave frequent readings during the lecture to illustrate the different characteristics of England's poet laureate which he wished to emphasize.

Mr. George opened his talk by stating that caution is necessary when one approaches the works of a poet for the first time. It is better to happen on a poet by oneself and draw one's own opinions of him than to judge the poet by the publicity which he is given. Mr. George illustrated this point by relating his personal experience in the case of John Masfield. While in college in England in 1916, Mr. George read some of Masfield's "best sellers," because they were so widely advertised. However, he did not appreciate them. Soon Mr. George had to write a paper on John Masfield and criticized him very much. In 1922, Mr. George had the opportunity of meeting the noted poet, and at once fell under the spell of his attractive personality. Mr. Masfield has been admired by Mr. George ever since.

Appeals To All

John Masfield has a direct appeal to every kind of person. In every successful piece of Masfield's poetry, he relates a distinct tale. He believed that poetry should not be written. He thought that poetry should be read before a crowd of common people, and corrected where the crowd thought necessary.

"The appeal of the sea is very strong on Masfield," stated Mr. George. All his sea tales are very clear and interesting. Mr. George read several selections from Masfield's "sea" poems including "Cargoes." As well as having an ardent passion for the sea, John Masfield is very interested in all things human. "Thus," said Mr. George, "it is very fitting that he was chosen as England's Poet Laureate." Masfield understands the beauty of human character. He writes of men as they are. The rough language of the sailor is described in the poem, "Bill," which concerns the rebuke given to a sailor by the mate for losing a race in a regatta. Masfield's description of the hunters in Reynard The Fox also shows his ability for picturing all kinds of people.

Features "Down and Out" John Masfield likes to feature in his poems the unlucky and the down

(Continued on Page Two)

Dance Date Nears

Graduate Students Celebrate In Union Next Thursday

Change of location has been made for the informal dance of the Graduate Students' Association which will be held on Thursday, January 25th at 8:30 p.m. in the Union ballroom instead of Strathcona Hall. Couple tickets may be procured from representatives, or at the door. Those still desirous of purchasing draw tickets may obtain them from Miss O'Connell, Room 108, Pulp & Paper Building before 5 p.m. Monday, January 22nd. Similarly, those in possession of draw tickets, who will be unable to attend must turn them in to Miss O'Connell before 5 p.m. Monday in order to obtain their refund.

The draw will be conducted by members of the executive and the results published subsequently in Tuesday's Daily. Gentlemen are reminded that they are expected to get in touch with the ladies with whom they are drawn before Wednesday evening.

Book Exchange To Open For Few Days

In accordance with previous custom, the McGill Book Exchange will open for three days in order that books required for second term courses may be obtained. The Exchange will receive books only tomorrow from nine to twelve, Hall and Knight's Algebra and French texts in particular being requested.

The regular purchasing of books will be carried on from Monday till Wednesday inclusive, of next week between the hours of 9-1 and 2-5:30. The student body is requested to act promptly as no further opportunity for transacting business will be afforded beyond the dates specified.

THE SHOWS NEXT WEEK

Loew's

Starting Saturday, Loew's Theatre will present another stage and screen show. The vaudeville bill will be headlined by Ben Blue, "the all-American half wit" and star of Hal Roach's "Taxi Boys" comedies. The screen feature will be Will Rogers in "Mr. Skitch," with "Ju Pitts. Ben Blue, the hilarious comedian of many screen comedies, is ably assisted by his own company of "Nit Wits on Parade." Other acts will be offered by the Gray family, who possess beauty and youth in "Their Own Conception of 1934 Entertainment"; Master and Gaudier in "America's premier comedy and sentimental serialists"; Waller and Lee, "Always Belittling"; and the Marous Sisters with the Carlton Brothers in "A Whirl Steps." "Mr. Skitch" presents Roger as the head of a family of six starting off on an auto tour with the hope of regaining the family fortune, lost in a bank failure.

Capitol

"Design for Living," the screen adaptation of Noel Coward's Broadway stage comedy success, comes to the Capitol Theatre on Saturday, with Frederic March, Miriam Hopkins and Gary Cooper in the stellar roles and with Edward Everett Horton heading an excellent supporting cast. "Design for Living" will have a special showing on Friday evening. The story is of an American girl who falls in love with two young musketeers of art in the Paris-Latin Quarter. The men are life-long friends. A strange love affair is inevitable and the principals resign themselves to whatever joys, jealousies, and agonies may result from a three-cornered love affair. No Jack-in-the-box surprises were ever applied more adroitly to motion picture plot than those uncoiled by the two timing three-some in "Design for Living." The screen adaptation was made by Ben Hecht and the film was directed by Ernest Lubitch.

Palace

"The Invisible Man" is coming to the screen of the Palace Theatre starting Friday. "The Invisible Man," said to make "The Phantom of the Opera" look like a slay, is the strangest character ever created by the screen. It was based on the imaginative creation of H. G. Wells. The weird screen story deals with a scientist who meddled in things men must leave alone. It is the astounding tale of a man whose strength was his weakness; of a man who had lost the power to be normal and who gloried in it, and a girl who loved a man she couldn't see. Featured in the cast are Gloria Stuart, William Harrigan, Henry Travers and Una O'Connor. The second feature, is "You Made Me Love You" said to be the snappiest and most sparkling comedy ever made by Stanley Lupino, with Thelma Todd sharing the honors. The story tells of young Daly's efforts to make the girl of his choice love him. Their subsequent adventures provide the entertainment.

Cinema de Paris

"Fanny," sequel to "Marius," from the immortal play of Marcel Pagnol, with Raimu, Charpin, Orane Demazis and Pierre Fresnay, is the current offering at the Cinema de Paris. The story gives the life of Fanny, who has been left by Marius at Marseille who has gone to sea, and has been adapted to the screen by the facile pen of Marc Allégret. It is a film with unique scenery, typical accent, and colourful dialogue. Those who have attended advance showing of this film have declared it to be one of the most stirring efforts ever shown on the French screen.

Imperial

Joseph Hofmann, characterized as the "Little Giant," a pianist of world wide note, will give a recital on Monday evening, January 22nd, at the Imperial Theatre.

Gilding The Lilies

"LILIES OF THE FIELD," a play in three acts by John Hastings Turner. Presented by the Montreal Repertory Theatre in Moyse Hall January 17, 18, 19 and 20. Directed by Miss Martha Allan and Mr. Cecil West.

BY ALL means consider the "Lilies of the Field." It uplifteth not, neither does it purge; but "Hamlet" and "Hedda Gabler" in all their glory can not compare with this.

The play, upon superficial analysis, does not seem to be unusual. There are the traditional complications which inevitably surround honest headstrong young things in love; with the traditional curtain-kiss ending. There are two traditional characters who produce humour in their clash of personalities — the domineering and urbane elderly female, and the pompous and weak vacillating male. But there is more than this. The situations are designed with far more than the usual ingenuity, and the dialogue is written with far more than the usual brilliance.

Writers with a flair for satire are often accused of "exposing the folly of our shams and delusions." Mr. Turner can have had no such tiresome object in view. His aim was to amuse, and he has thoroughly reached his aim. There is satire, but it is intermingled with burlesque, pathos, and that more indefinable type of comedy that is attendant upon the complications of story and characters.

What is more significant, however, is the skill with which Mr. Turner has presented the play. Their followers may have been impressed, but cannot have been wholly satisfied with their past attempts at tragedy, wherein they showed a predilection to "drown the stage with tears, and cleave the general ear with horrid speech" — to quote our great dramatist Bacon. But "Lilies of the Field" leaves no such feeling of dissatisfaction. It is directed and acted with a complete understanding of comedy; it is assuredly performed and perfectly timed.

Ecclesiastics go perforce to Alex Frazer, who played the Rev. John Head. With intonation and gesture which would have been delightful had he merely recited the alphabet, he stammered, hesitated, raved, bragged and preached, giving a masterly picture of the much-loved pastor, "half child

half imbecile". Most of the play's humour arises from his bickerings with Mrs. Rooke-Walter, depicted by Miss Martha Allan. The latter showed clearly that she is mistress of comedy. With a subtle emphasis and an unerring instinct for the ridiculous she acted the strong-willed lady of seventy summers.

The twin lilies are played by Chella Barrott and Eileen Clifford. They are two comely young wenches, new to the stage, we are told. Much of their acting ability is as yet latent, but they were decidedly suited to their respective roles. Miss Clifford, as the twin who loses her modernity, wears her crinolines and the concomitant manners with a finely exaggerated charm. And Miss Barrott, the modern young spark, is gracefully ungraceful to a satisfying degree. Most remarkable of all, both are entirely natural, or seem so, and their naturalness gives an attractive freshness to the whole affair.

Reginald Cornish, as Barnaby Raddon, the amorous antiquarian, is an amusing creature when equipped with side-whiskers et al, but when divested of them is an unconvincing lover. His manners suffer from emaculation. Cecil West, Miss Orea Sneed, and Frank MacIntosh, efficiently burlesque something or other in the second act, when they arrive decked in Victorian garb and affected accents.

Nothing need be said of the scenery and lighting, for MRT never leaves anything to chance on the technical side. The production undoubtedly equals any comedy that Montreal has seen for some time, whether amateur or professional. It is to be hoped that our hard-working drama-savers will once again see fit to dally with the learned sock.

STRAY WISPS

By Clipper

On Staying Awake

Many students, it was found by a symposium conducted by the Wisconsin Cardinal, stay awake thinking up methods of staying awake. But then, no serious studying is accomplished. One student who would not speak for publication (I) said that her infallible method of remaining conscious in the face of a textbook is to seat herself in a bathtub. If her eyes droop, she permits the cold water to run. This girl's second best method is to perch on a table top. Since the time she slipped to the floor through this method, however, she hasn't repeated the stunt.

Consuming disturbing edibles, was found to be a popular, if uncomfortable, method of staying awake. We can guess the extent of the studying done by this method.

Another student believes that with a few hamburgers under his belt, together with lots of onions, he could stay awake all night. He hasn't tried it yet because he falls asleep before gathering enough energy to go out to get the food.

A coed sets the alarm clock to ring at hourly intervals. So I suppose that we are to understand that she doesn't sleep more than one hour at a time.

Apparently no method was devised for the benefit of instructors who must stay up to grade papers. We also recall the story of the student who studied all night, and then fell asleep during the prelim, to awaken and find the exam over.

Better Conditions

Only 61 per cent of the women at Purdue University are working for their room and board in private homes this year, as compared with the 33 per cent who were similarly employed last year. The drop in the number has been occasioned, we are told probably by the urgent request made in the Dean's summer letter that all women who expected to come to school manage to have enough money, if at all possible, to carry them for at least one semester.

The fact, that the percentage of women working and not the enrollment, has dropped seems to indicate better living conditions for the feminine campus population. Further than that, it would seem that the economic situation at large must be looking up a little.

News

Readers of Arthur Brisbane's stuff will please ignore.

Some time ago a feminine reporter on the Minnesota Daily gathered some information from undivulged (possibly from her own head) sources on the propensity of entering freshmen women for painting their toenails red.

The day following the appearance of the story in the Daily, the United Press sent it over its network. And the next day Arthur (He-Would) Brisbane used it as an item in his daily syndicated column, placing it between a story of Japanese finance and comment on Alme Simple McPherson's powers.

Proof

Meals for men in fraternities at the University of Oregon cost on an average slightly more than 15 cents per person, while the food cost for women in sororities averages a bit more than nine cents, a survey by the school of business administration there reveals. When the pay of the cook is added, the costs are increased to 18½ and 12½ cents per meal, respectively.

That almost proves the old saw that two can live...

Purification

When the new editorial board of the Buccaneer, as the funny magazine of the University of North Carolina is called, announced that the magazine would contain wit and lively humor this year, a great cry arose from the campus. Said one student, "The Buccaneer won't be worth a damn without its smut!" and another student considered to be serious-minded added his bit: "A clean-up of the smut in the Buccaneer will be deadly to the magazine's popularity."

Flop

Absence did not make the Cane Rush grow fonder in the hearts of underclassmen at Ohio State University. After a one-year interlude, the traditional affair returned to the campus only to be slighted by both freshmen and sophomores. Practically nobody turned out and one more silly fiasco proved a dismal flop.

What, Ask?

Tsk, tsk, tsk, this modern generation! An honorary fraternity is being formed at Xavier college for students who make good grades while participating in extra-curricular activities. Excellence in the latter is primary.

Board Of Governors Names Committee To Seek New Principal

(continued from page one)

Stewart Memorial Prize.

C. W. Lindsay, \$1,000 for research work in the departments of biochemistry and neurosurgery.

Dr. J. H. Palmer, Trail, B.C., \$1,000 as a scholarship for medical research.

H. S. Osler, Toronto, \$500 for the Osler library.

The late I. L. Hibbard, bequest to become effective on the death of his wife, 1-10th of his estate (valued at \$30,000 to \$35,000) as an endowment for cancer research.

To the department of geology: From Dr. and Mrs. F. D. Adams, \$600 for a scholarship in this department.

To the department of industrial chemistry: From The Canadian Pulp and Paper Association, \$900 to establish a fellowship in this department.

To the department of physics: From The Bell Telephone Company, a considerable quantity of apparatus from the Walnut branch which will be useful to this department.

To the faculty of dentistry: From The Mount Royal Dental Society, \$100 to cover book prizes in this faculty.

To the Redpath Library: From Lady Roddick, \$1,815, \$1,500 of which is to be used as an endowment for the Peter Whiteford Redpath and Jocelyn Clifford Redpath Memorial Fund, and \$315 for books.

John R. Redpath, \$250 for the Peter Whiteford Redpath and Jocelyn Clifford Redpath Book Fund.

The Maccabean Circle, \$25 for the Maccabean Book Fund.

Dr. S. Gurvitch, a collection of 178 volumes of Russian Works and 15 German.

Prof. C. S. Lemesurier, 97 volumes of works on Law.

Miss E. G. Raynes, 73 volumes, including Laurent's Principes de droit civil français, Vols. 1-33, for the Law Library.

From Dr. Francis McLennan, A collection of 75 volumes of miscellaneous works and 116 numbers of "Punch" for the travelling libraries; 27 volumes and 63 periodicals, including 3 volumes of engravings and 28 parts of "The Connoisseur" for the Redpath Library.

The Franciscan Fathers, a collection of 145 of their publications.

The late Dr. A. W. Martin, two volumes on Indian Basketry.

To the McCord Museum: From James Snodell, Letter from Robertson of Strathmore to the Sixth Earl of Mar, dated December 15, 1718, referring to Jacobite refugees in France.

Mrs. George A. Ahern, program of the order of exhibiting the fireworks in the City of Montreal on the occasion of the birth of the Prince of Wales (Edward VII) in Montreal, February 10, 1842.

A member of the Board of Governors in the person of Col. Herbert Molson was appointed to the finance committee of the University and Sir Charles Gordon, also a governor, to the newly constituted investment committee. Resignations were confirmed of Arnold Wainwright, as professor of the law of evidence; Dr. George S. Cameron as professor of prosthodontics and Dr. John Beattie as associate professor of anatomy. Dr. J. S. Doham was appointed chairman of the department of prosthodontics; Dr. J. H. Glynn as lecturer in bacteriology and immunology; Dr. W. Templeman as lecturer in zoology; Dr. W. M. Whitelaw as assistant professor of history filling the temporary vacancy created by the acceptance by Prof. T. W. L. MacDermott of the post of national secretary of the League of Nations Society of Canada; and Dr. D. V. Holman as assistant in the department of pharmacology. Dr. W. D. Lighthall, K.C., was named a member of the university museum committee.

Student Conference Held At Hamilton

(Continued from page 1)

particular subject. There was at all times, an atmosphere of informality and friendliness pervading the gathering. Impromptu skits and informal singing and wholesome humour quite characterized meal-time activities.

To each University had been assigned a particular country, which it was to study up and represent. On the first day of the Conference, delegates in the three commissions sitting apart described their respective Nationalism, Unemployment, and Race problems as existing in the country they were representing.

Study Nationalism. The largest group was that studying nationalism. One of the conclusions it arrived at, was that nationalism in itself was good, but that the evils, that manifest themselves, are but the products of a distorted nationalism, engendered by economic and political avarice. For a time, the Commission grappled with four questions put to them by Dr. Koo.

1. Does Christian love mean non-resistance?
2. Does love permit placing restrictive measures on others?
3. Does it ever justify coercion?
4. How does it go with the taking of life?

The discussion led to the distinction between aggressive and defensive warfare and showed that many were

quite pacifistic in their views.

The Race Commission considered three specific situations of racial antagonism, namely:

White versus Negro.
Occidental versus Oriental.
Christian—white versus Jew.

It was evident from the discussion that the consensus of opinion was that the so-called racial problem facing the world has its cause in political or economic greed. One decision was that the treatment which white people mete out to other races have been mostly of an unchristian character.

Cooperation Necessary

The different programs adopted by the various countries to relieve unemployment, the third commission found, were a cure rather than a prevention. The kind of society that would be Christian is one in which cooperation and not competition, a desire to serve mankind rather than selfish desires, were the basic objectives.

Students in all three commissions considered immediate steps which they could take to help the old world out of her difficulties. These included self-education into vital problems such education as could be realized by the use of text-books, magazine articles, newspapers and an intelligent mind; and education of others within and without the campus, into the graver issues of state.

Debaters Engage In Two Intercollegiate Encounters Tuesday

(Continued from Page One)

not as yet been named: Henry Schaffhausen, Law '36, will also speak for the negative and it is likely that some of the members of the German Club who will be present will also speak.

When interviewed with regard to the Harvard debate, held on December 21st, Wilson Becket reported it to have been a complete success. A capacity audience heard the McGill team of Edmund Colliard and Melbourne Doug defeat the resolution "That the Growth of Nationalism is an Obstacle to World Recovery."

With regard to the series of radio debates starting next Tuesday, Becket pointed out that the Canadian Universities were divided into sections, and that following the Dalhousie encounter McGill meets the University of New Brunswick on February 6th taking the negative of "Resolved that the pioneer woman contributed more to the welfare of the home and the community than does the modern woman."

Discussion On Poet Laureate Given By Professor George

(Continued from page 1)

and out. "The Vagabond" is a good example of this. After reading this one wonders how the poet can use in it the best English, and yet have as acquaintances the rif-raff of every class of people. The persons that he describes are often doomed, and the lecturer read selections from "Right Royal" and "The Blacksmith," to bring out his point more clearly.

Mr. George closed his lecture by reading excerpts from what he considers one of the most beautiful of all of Masfield's works, "The Everlasting Mercy." It is the story of a drunkard who, under the stimulation of a Quakeress, comes to himself and describes the revolution that went on within him.

The Beta house at Colgate, Hamilton, N. Y., is the most beautiful fraternity house on the campus.

Reporters

NOW that the Daily has resumed publication, reporters are requested to come in and check off their assignments as usual and if any change in assignment day is desired they should see the News Editor. Other contributors, and executives of societies and clubs are asked to co-operate with the Daily and submit their programmes for the coming session.

Junior Puck Squad Succumbs To Speedy Canadiens Defeated By Watt Reaches Semi-Finals In Indoor Tournament

Score 4-2 As McGill Suffers Second Loss Of Season

O'BRIEN, McDONALD IN RED STARRING ROLES

Redmen Have Lost Two, Tied Two, So Far This Year

MCGILL JUNIORS suffered their second defeat of the season last night at the Forum when the speedy Canadiens took them into camp on the long end of a 4-2 score. The young Redmen had a shade of the better on the play throughout, but loose work around the nets robbed them time and again of sure scoring chances. The Canucks shone once more in their forte—speed.

Bourque Stars
Bourque, in the tricolor nets, played a stellar role in the victory of his team-mates, being mainly responsible for the low Red count. For McGill, Taylor Kennedy and Bill McDonald were outstanding, the former figuring in a passing role on the play which saw O'Brien score, while the latter blazed a beautiful solo goal behind Bourque in the last stanza. For Canadiens, Malenfant, Bergeron, Fortin, and Paquin played brilliant hockey. Pacaud, between the pipes for McGill, played a consistently good game, having no chance on the four markers which pierced his guard.

The game opened fast, and right from the start it was evident that speed, speed, and more speed would be unleashed before the winners were announced. The opposing forward line swept up and down the ice in frantic efforts to score, and finally Malenfant connected for the opening marker on a pretty pass from Bergeron's stick. There was no further scoring in the period.

O'Brien Scores
The second session commenced with McGill determined to tie the count. After several rushes, the Redmen were caught flat-footed on a dash by Paquin and Lafontaine, the former scoring on the latter's pass. Finally, after Bourque had felled numerous previous attempts, Kennedy and O'Brien succeeded in placing the rubber behind the Canadian net-minder. It was a splendid effort, with O'Brien on the business end of the attack. Before the period ended, Malenfant again proved his worth by laying a perfect pass on Fortin's stick, the latter poking one in to make the score 3-1 for the Frenchmen.

At the very beginning of the last period, Bill McDonald came through with a bang, to score a smart tally on the agile Bourque. He swept up the ice on a solo dash, split the defence, and planted the rubber in the place where it would do the most good. With the score 3-2 and the issue as clouded in uncertainty as it was at the opening whistle, the players of both squads re-doubled their efforts in an attempt to score. The Redmen missed many scoring opportunities at this stage, mostly through anxiousness, and half-way through the period, their hopes were dashed as Archambault and Ranger sped through the defence to score what proved to be the winning tally.

Two Ties
The Redmen have played every team in the league at the present stage of the competition, and results have shown them to be dangerous contenders for titular honors. Royals beat them 3-1 in their first league match, and they tied the next two with Vics and St. Francois, the score being 3-3 in each case. Last night's loss was their second of the season. The next round of games will probably find the McGill youngsters formidable opponents for any of the other teams.

McGill Professor Arrested In China On Rebel Charge
(continued from page one)

picion of aiding a rebel movement.
At one time Dr. Kiang was very prominent in political circles in China. But only last week, Colonel Bovey received a letter from him, declaring that he had "no political ambitions whatever" and that he fully intended a return to McGill this year.

Surprise and concern has been expressed over the reports by Dr. Kiang's many friends in Montreal and by the University authorities. It is felt that there has been some misunderstanding, and representations to the Nationalist Government are being made to straighten out the matter.

Swimming Squad Will Enter Three Men In "Y" Meet

To Compete For Stober Trophy In Medley Relay

GEORGE VICKERSON'S crew of swimmers, who have been rounding themselves into condition for the past two weeks in strenuous workout sessions, are slated to participate in their initial test of the season tomorrow night in a city-wide meet to be held at the Y.M.H.A. tank under the auspices of that organization. The contests are in the nature of British Empire trials and their importance can be measured accordingly.

Outstanding on the program is a medley relay in which the Stober Trophy will be at stake. The relay consists of three different events, each man being required to swim a distance of 100 yards. Jim Wilson, breaststroker, Bill Sprenger in the back-stroke and Pete Bourne in the 100 free style comprise the McGill representation. Several of the men will also compete in the open events against the pick of city natators.

Further Meets
Meanwhile, Coach Vickerison is rounding a good number of candidates into shape for other important meets to follow later this month. Competitions scheduled include a meet against M.A.A.A., a contest sponsored by the Gazette and one by the Lion's Club of Montreal.

Prospects for another intercollegiate championship in swimming appear particularly bright this year with the plethora and excellence of material on hand. Pete Bourne and Captain Mark Stein are in good shape for the 440 and 100 yard free style events; Sprenger, Skinner and Tom Richert of pigskin fame, are working out at the back stroke; Wilson and Savage in the breast stroke; Clay Bourne and Fred Shaw in the 100 and medley relay, and Shapiro, Shragovitch and McLure in the free style events, round out a strong assortment which should take some beating. Mills and Butterfield are practicing on the high board.

Swimming candidates are reminded that practices are held every Monday, Wednesday and Friday at the K. of C. tank commencing at 5.30.

Hockey Equipment

All students are requested to notice that a sale of hockey equipment will take place next Tuesday afternoon, from 12-5, at the Athletic Office. Sticks, skates, boots, pads, gloves, etc., will all be offered at bargain prices.

Mat And Mitt Men In Intense Training

Commence Long Grind To Intercollegiate B.W.F. Next Month

THE boxers and wrestlers pin their proboscis to the wheel once more as Coaches Bert Light and Frank Saxon swing their charges into final training stretches preparatory to the intercollegiate B. W. and F. tournament, scheduled for Toronto on the 16 and 17 of next month. With the interfaculty B. W. and F. only three weeks away, intensive perspiring is the order of the day at the Field House. As an added spur to the boxers' efforts a trip is being arranged which will take them to Ottawa in the very near future, probably next week, where they will meet the ringmen of St. Patrick's in several exhibition bouts.

Official eliminations will probably start next Tuesday, at which time the pruning hook will take care of the less likely-looking aspirants to the squad. Both coaches exude confidence, and promise worthy contenders for the intercollegiate championships. Among the wrestlers, Southwood and Stewart are prominent, the former being an ex-holder of the 112-lb collegiate crown, while the latter is a star in the heavyweight group. Myer Goldman is also attracting much attention in the grappling ranks, but he requires a good deal more in the way of conditioning before he may hope to regain his intercollegiate 145-lb championship, lost here last year.

Boxers Strong
Coach Light is very enthusiastic about the chances of his boxers. Outstanding among these are Bobby Quinn, welterweight champ at Leland and by the University authorities. It is felt that there has been some misunderstanding, and representations to the Nationalist Government are being made to straighten out the matter.

Basketball Squads Play Doubleheader Tomorrow Evening

Intercollegiates Hook Up With Nationale In Exhibition Tilt At M.H.S.

SECONDS VS SUN LIFE

INTERCOLLEGIATES and seconds swing into action on basketball fronts tomorrow night on the Montreal High School floor with a full turnout expected for the first time in several engagements. Exams, illness and such-like have contrived to keep at least one of the team members off the floor in past matches, but the entire roster is expected back to the fold now that the games assume a more serious aspect. Huff, guard on the senior line will be the only absentee in future tilts. The agile American has found that pressure of studies will prevent him from continuing in his usual capacity.

Nationale, runner-up for the Big Four championship last season, hook up with the first tomorrow night in an exhibition tilt. The seconds, led by their newly elected Captain Frank Corrigan, continue their regular league games, commencing at 8.00 p.m.

Both contests promise a full quota of action. The intercollegiate team, after tumbling to rival court squads in their first three exhibition affairs earlier in the season, namely, Y.M.H.A., N.D.G. and University of Vermont, picked up to some extent last Saturday and topped the N.D.G. lads, Provincial basketball champs, by a single point. Tomorrow they face a team noted for their offensive strength and the game should prove a real conditioner for the Redmen, who are preparing for the opening of the intercollegiate series next Saturday when they journey to Kingston to take on Queen's University. Both Hammond and Rice, former McGill basketballers, are regulars on the Nationale line-up.

STANDING	W	L	T	P	Pts
McGill	2	1	0	0	35

Red Birds Hold Competition For Schoolboy Skiers

Meet Begins Today With Jumping Competition

MONTREAL'S schoolboy skiers will strut their stuff this week-end in the first annual McGill Intercollegiate Ski Meet. This meet, which will likely develop into an annual affair, is being sponsored by the Red Birds Ski Club, of which the Winter Outing Club is the undergraduate branch. W. B. Converse, hon. president of the Red Birds, is presenting a trophy to the winning team.

The jumping competition, first event of the meet, takes place this afternoon at the Alex. Olsen jump on Westmount Mountain at 3.30 p.m. Members of the Outing Club and others interested are asked to be on hand to help in the marking. The slalom, downhill, and cross-country events of the meet are to be held at Shawbridge tomorrow.

85 Cents Return Fare
A special feature of the trip to Shawbridge is the 85 cents return fare for Saturday only. It is hoped that the train, which leaves Windsor Station at 8.40 a.m., will carry a good number of McGill skiers to cooperate with the Red Birds in running the meet. The competition should be of interest to students, as (continued on page four)

Women's Sports Week-end

The McGill Women Students' Athletic Association is sponsoring a week-end of winter sports at Ile aux Cerfs. Students will leave at noon on Saturday, January 27th, and return Sunday night, January 28th. The train ride is short to St. Hilaire, then follows 8 miles in a sleigh with hot water bottles and innumerable blankets. Tea awaits up at the Manor House, and then the fun begins. Skiing, skating, sliding and skijoring can all be enjoyed, and with the snow we have now, will be irresistible.

Best of all is the price: from Bonaventure station, the train rides, the sleigh rides, the meals, rooms and activities, and back to Bonaventure, Sunday night, is but five dollars. Moreover, the Athletic Association will pay one dollar of this, so the student gets a week-end of fun outdoors for four dollars, something impossible to duplicate in a similar manner elsewhere.

All women students are invited by the Athletic Association to join in this party. Come alone if you wish, this is a chance to make new friends, or come in twos or threes, but at any rate come!

Please notify Miss Munro in the Physical Education Office, Royal Victoria College (Ma. 9177) if you will join us.

NOTICES SPORTS

Sports Notices must be in by 3.30 p.m. the night previous to publication and must be dated and signed.

CLASS HOCKEY

Mon. Jan. 22,

INTERCLASS BASKETBALL

The three-cornered tie for second place existing in Section B will be played off as follows:
Monday, 5 p.m., Girls' Gym: Arts 2 vs. Eng. 1.
Tuesday, 5 p.m., Boys' Gym: Winners vs. Dent. 2.

ATHLETIC OFFICE

Will the following students please call at the Athletic Office as soon as possible: Margery A. Dodd, Wm. Burdill, R. G. Stewart, L. G. Marroche, R. F. Brosseau, A. L. Johnson, S. A. Doubilet, A. L. Bernstein, E. J. Lazarus.

SUSPENSIONS

A. Weldon—Arts 4.
H. Westman—Eng. 1.

HOCKEY HOME GAMES

The remaining hockey home games are:
Wednesday, Jan. 24—McGill vs. Canadiens.
Friday, Feb. 2—McGill vs. U. of Toronto.

Red Tennis Star Brilliant In Close Win

Defeats Bill Aydelotte, 5-7, 7-5, 6-2 In Thrilling Match

PAIRED WITH SHIELDS IN DOUBLES TOURNEY

Bobby Murray Reaches Doubles Semi-Finals, Teamed With Aydelotte

LAIRD WATT, McGill tennis champion, and holder of the Canadian intercollegiate singles title, definitely stamped himself yesterday afternoon as future Davis Cup calibre when he defeated Bill Aydelotte, high-ranking American court star, 5-7, 7-5, 6-2, in a quarter-final match of the Canadian Covered Court Championships. The contest was a thrilling see-saw battle throughout, and the veteran New Yorker only succumbed to the brilliant young Canadian after every shot in his repertoire had been matched and surpassed in what was probably the finest local performance ever presented by the college netman.

In Semi-finals
Watt's victory gives him a semi-final berth where he is bracketed with George Lott, outstanding American singles and doubles player. They meet this afternoon, as do Frank Shields and Gilbert Hall, the other semi-finalists. Thus Watt is the only Canadian who is still in the running. Rainville, Leslie, Morrice, Murray and the other national hopes having been eliminated yesterday and Wednesday.

Watt, incidentally, showed extraordinary iron-man propensities, capping his fine singles victory with two doubles wins, the three matches being played consecutively and with no rests in between. Paired with Shields, the stellar combination disposed of Raper and Veysey, 6-2, 6-2, and immediately afterwards, just to show they weren't fooling, finished a perfect day by eliminating Longtin and Rericha to the tune of 6-2, 6-4.

Murray in Doubles
Bobby Murray, McGill's other representative in the tourney, was less successful in the singles, being eliminated on Wednesday by Charlie Leslie, another local boy. In the doubles scotlon, however, he and Aydelotte advanced to the semi-finals yesterday with a close victory over the Toronto entry of Margesson and Ross Wilson, former McGill netmen. The winners will meet Lott and Emard tonight in their half of the brackets while the second doubles match will bring together the Watt-Shields and Rainville-Hall combinations.

Although it is almost too much to hope for that Watt may take the singles title, it is inevitable that a Canadian be represented on the winning doubles team, since Watt, Murray, Emard, and Rainville are each on one of the four semi-final teams. It will be remembered that Frank Shields won the singles crown last year, while the doubles honors went to Hall and Rainville. The experts

are forecasting a repeat, but this ob- of Shields for singles honors, picks server, although endorsing the choice Watt and Shields for the doubles.

are forecasting a repeat, but this ob- of Shields for singles honors, picks server, although endorsing the choice Watt and Shields for the doubles.

Fellowships, (The Registrar, McGill); Secretary, Graduate Faculty, Awards Open to Graduates in Medicine; The A. A. Browne Memorial Fellowship; The John McGee Fellowship; The John W. Flinn Research Fellowship; The Hiram N. Vinsberg Fellowship; The Clara Law Fellowship.

Details concerning these last five scholarships may be obtained by applying to the Secretary of the Faculty of Medicine.

REVIEW

At the eliminations in the Union Ballroom today at 5 p.m. and tomorrow at 3.30 p.m., girls will pin on their backs their numbers. These sheets of paper will be obtained when giving attendance. Any who cannot attend one or the other of these days must see the Producer.

Candidates are hereby tentatively divided into two groups, as follows:
Group "A" (tall): Nos. 25, 28, 59, 57, 58, 36, 48, 60, 49, 37, 54, 33, 53, 64, 38, 12, 52, 18, 46, 51, 15, and 24.
Group "B" (short): Nos. 63, 16, 29, 62, 30, 40, 43, 44, 50, 35, 32, 47, 17, 39, 41, 61, 65, 11, 22, 55, 31, and 27.
Each group will line up, when called. In order of height, which is approximately the order given above.
Any whose number is not included in the above lists has automatically been eliminated due to non-attendance.
A list of those who have been chosen will be published in Monday's Daily. Those girls will be required to come to the Revue Office sometime next Wednesday to have their measurements for costumes taken.

NOTICES

BANDSMEN ATTENTION
The Band will practice in the Union Ballroom on Saturday at 2 o'clock. Bandsmen please turn out on time. The Musical Association Concert takes place on Feb. 13th.

GLEE CLUB
There will be a practice next Tuesday, Jan. 23. It is important that every member be present. We have three concerts to prepare for, the first of which is at the Graduate's Smoker, Feb. 1. An out-of-town concert has been arranged also.

LABOR CLUB MEETING
The first meeting of the Labor Club for the new term will be held in Strathcona Hall on Tuesday, January 23, at 8.15 p.m. All interested are invited to attend.

FACULTY OF ARTS AND SCIENCE
Special Supplemental Examinations
Special supplemental examinations will be held on Thursday, February 8th, and on Friday, February 9th, 1934.

Conditioned students of the Second, Third, and Fourth Years, who wish to avail themselves of this opportunity to remove their conditions, must notify the Dean's office, in writing, of their intention not later than Friday, January 19th, 1934.

The supplemental fee of \$10.00 for each examination must be sent with the application.

IRA A. MACKAY,
Dean, Faculty of Arts and Science.

CHEMICAL SOCIETY
The opening meeting of the Chemical Society will be held in the Chemistry Building today at 5.00 p.m. Dr. O. L. Eners, who is a guest speaker, will lecture on explosions. All interested are invited to attend.

CHESS CLUB
There will be a meeting of the Chess Club today in the Union at 5.00 p.m. All are requested to attend.

PEOPLE'S FORUM
The speaker at the People's Forum this Sunday will be the Honourable Oliver E. Simmonds, an English Conservative M.P., whose subject is "The Struggle for Power as a Conservative Sees It."

ROYAL ASTRONOMICAL SOCIETY
A meeting of the society will be held at 8.30 p.m. on Thursday, January 25, in the Macdonald Physics Laboratory.

LOST
One copy of Merimee's Colombe before Christmas. Will finder kindly leave it with Bill Gentleman or return to add address on the fly-leaf?

Red Birds Hold Competition For Schoolboy Skiers
(continued from page three)

It has been arranged for the purpose of acquainting the men who will be coming up to McGill with racing tactics.

The 68 competitors entered so far represent the following schools: Montreal High, Westmount High, D'Arcy McGee, West Hill, Catholic High, Strathcona Academy, Lower Canada College, Lachine High, Luke Callaghan.

Open Meet On Sunday
There is also an open meet on Sunday at Val Morin, which includes a cross-country race, downhill, slalom, and jumping. Every McGill skier who is at all interested should attend, since performances in this meet will be used in choosing the team to represent McGill in the following week-end at Lucerne, and in the Intercollegiate Meet. Competitors can obtain a special reduced rate at the Pinehurst Inn, Val Morin. Further information can be obtained from the Athletic Office in the Union.

Purdue University students are making preparations for a grand and glorious sendoff for the football and cross-country team prior to their leaving Friday to meet the Badgers here on Saturday.

THE PEOPLE
The people is a beast of muddy brain That knows not its own force, and therefore stands Loaded with wood and stone; the powerless hands Of a mere child guide it with bit and rein.

One kick would be enough to break the chain; But the beast fears, and what the child demands, It does; nor its own terror understands; Confused and stupefied by bugbears vain.

Most wonderful! with its own hand it ties And gage itself—gives itself death and war For pence doled out by kings from its own store.

Its own are all things between earth and heaven; But this it knows not; and if one arise To tell the truth, it kills him unfor-given.

Robert Owen Foundation TORONTO — CANADA

ESSAY CONTEST

Announcement of Prize

The ROBERT OWEN FOUNDATION, a non-political, Canadian organization, incorporated in the Dominion of Canada in 1932 for the purpose of encouraging, by education and otherwise, the co-operative organization of industry and community, will grant a Cash Prize of \$50.00 to the writer of the best essay, not exceeding 3,000 words in length, on one of the following subjects:

1. Why and how existing industrial enterprises should be organized on a co-operative basis.

2. Study of co-operative effort by unemployed citizens.

Essays writing on this topic should give a history or record of any one or more examples of co-operative self-help by unemployed citizens, in establishing communities, exchanging products or services, operating industrial enterprises, etc.

3. The place of co-operative societies within a socialist state.

By this it is intended that the essay should develop the arguments for and against co-operative control of agriculture, industry and distribution in a state wholly socialistic or in the process of becoming such.

The contest is open to all persons under thirty years of age, living in Canada. The essays must be mailed to the President of the Robert Owen Foundation, Mr. H. E. Langford, 91 Gothic Ave., Toronto, before March 15, 1934. The name of the writer should be submitted on a separate sheet, together with a note stating address, occupation, place and date of birth, and education received.

The decision of the Robert Owen Foundation, in awarding the prize, will be final.

The essays will become the property of the Robert Owen Foundation, and may be published by it as it sees fit.

Toronto, December 30, 1933
ROBERT OWEN FOUNDATION,
H. Spencer Clark,
Secretary.

SCARLET KEY MEETING

Meeting of Monday 22nd is postponed to Tuesday January 23rd at 5.00 p.m. in the McGill Union.
